

EXERCISE – 9

FORM VALIDATION USING HTML/CSS/JS

230701199

Aim:

To design an input form that validates **email** and **phone number** fields using **HTML**, **CSS**, and **JavaScript (with Validator.js)**, and displays relevant error messages if the inputs are invalid.

Technologies Used:

- **HTML** – HyperText Markup Language (structure of the form)
- **CSS** – Cascading Style Sheets (styling the layout)
- **JavaScript** – Adding interactivity and validation logic
- **Validator.js** – A JavaScript library for string validations

Html code:

```
<!DOCTYPE html>
<html lang="en">
<head>
  <meta charset="UTF-8" />
  <meta name="viewport" content="width=device-width, initial-scale=1.0"/>
  <title>Form Validation</title>
  <link rel="stylesheet" href="style.css">
</head>
<body>
  <div class="container">
    <h2>Input Form by 230701199</h2>
    <form id="myForm">
      <label for="email">Email:</label>
      <input type="email" id="email" name="email" required>
      <span id="emailError" class="error"></span>

      <label for="phone">Phone Number:</label>
      <input type="text" id="phone" name="phone" required>
      <span id="phoneError" class="error"></span>

      <button type="submit">Submit</button>
    </form>
  </div>
```

```

</div>

<script src="https://cdnjs.cloudflare.com/ajax/libs/validator/13.6.0/validator.min.js"></script>
<script src="script.js"></script>
/body>
/html>

```

Css code:

```

/* style.css */
body {
  font-family: 'Segoe UI', Tahoma, Geneva, Verdana, sans-serif;
  background: linear-gradient(135deg, #667eea, #764ba2); /* Blue to purple gradient */
  display: flex;
  justify-content: center;
  align-items: center;
  height: 100vh;
  margin: 0;
}

.container {
  background-color: #fff;
  padding: 30px 40px;
  border-radius: 12px;
  box-shadow: 0 10px 25px #0000000a;
  width: 350px;
  text-align: center;
}

h2 {
  margin-bottom: 20px;
  color: #333;

```

```

  font-size: 24px;
  border-bottom: 2px solid #28a745;
  padding-bottom: 10px;
}

form {
  display: flex;
  flex-direction: column;
  text-align: left;
}

label {
  margin: 10px 0 5px;
  color: #444;
}

input {
  padding: 10px;
  border: 1px solid #ccc;
  border-radius: 5px;
  transition: border 0.3s;

```

```
}

input:focus {
  border-color: #28a745;
  outline: none;
}

button {
  padding: 12px;
  margin-top: 20px;
  background-color: #28a745;
  color: white;
  border: none;
  border-radius: 5px;
  cursor: pointer;
  font-weight: bold;
  font-size: 16px;
  transition: background-color 0.3s;
}
```

```
}

button:hover {
  background-color: #218838;
}

.error {
  color: #dc3545;
  font-size: 0.85em;
  margin-top: 2px;
}
```

Js code:

```
// script.js
document.getElementById('myForm').addEventListener('submit', function (e) {
    e.preventDefault();

    const email = document.getElementById('email').value.trim();
    const phone = document.getElementById('phone').value.trim();

    const emailError = document.getElementById('emailError');
    const phoneError = document.getElementById('phoneError');

    // Clear previous error messages
    emailError.textContent = '';
    phoneError.textContent = '';

    // Validate email
    if (!validator.isEmail(email)) {
        emailError.textContent = 'Please enter a valid email address.';
    }

    // Validate phone number (any format)
    if (!validator.isMobilePhone(phone, 'any')) {
        phoneError.textContent = 'Please enter a valid phone number.';
    }

    // If valid, log the data (simulate form submission)
    if (validator.isEmail(email) && validator.isMobilePhone(phone, 'any')) {
        console.log('Email:', email);
        console.log('Phone:', phone);
        alert("Form submitted successfully!");
    }
});
```

Output:

The image shows a web form titled "Input Form by 230701199". The form is white with a thin border and is centered on a purple gradient background. It contains two input fields: "Email:" and "Phone Number:". Below the inputs is a purple "Submit" button. The form is styled with a clean, modern look.

This can be run on any server

Email validation:

The image shows a web form titled "Input Form by 230701199" on a purple gradient background. The form has a label "Email:" above a text input field containing "230701199ajalakshmi.edu.in". Below the input field is a red error message box that reads: "Please include an '@' in the email address. '230701199ajalakshmi.edu.in' is missing an '@'." Below the error message is a light blue input field containing the number "8939210753". At the bottom of the form is a purple "Submit" button.

Input Form by 230701199

Email:

230701199ajalakshmi.edu.in

Please include an '@' in the email address. '230701199ajalakshmi.edu.in' is missing an '@'.
